One Scenario Grows Revenue. One Kills It. One Needs Time.

S3 shows short-term loss during restructure. Long-term potential = +\$84K — see roadmap

S2 Wins. Here's the Proof.

Baseline ARR Sum of Delta

The 2025 Plan — Ranked by Business Impact

Quarter	Initiative	ARR Impact	Priority
Q1 2025	Feature gating — 5 features	+\$29,700	Critical
Q1 2025	Growth price increase to \$99	+\$56,673	Critical
Q1 2025	Tiered support SLA model	Churn reduction	High
Q2 2025	AI features Enterprise-exclusive	Supports S3	High
Q2 2025	Cohort early warning system	Retention protection	High
Q4 2025	Full tier restructure assessment	+\$84,000 potential	Strategic

✔ S2 delivers +\$57K ARR — execute Q1 2025 · ✖ S1 destroys margin · ⌚ S3 = \$84K potential but needs 6-month build
